

Dance Xtreme Safety Notice

Please read our safety notice fully, before attending class.

Following government guidelines, all students will work in bubbles with no more than 15 children in each class. Being a small school with students taking classes in the same grades, this has allowed us to keep our classes and timetable the same, with the exception of senior street (which is postponed for the moment) and means musical theatre will be taught in 2 groups (but at the same time).

Please do not come to class if your child or a member of the household is unwell.

Arriving for class

- Please do not arrive any earlier than 5 minutes before class
- Please wait outside until you are asked to come in (this is the main door at Barton road, the back door at Bridge hall and the fire door at Bridge school)
- Please use sanitizer provided when you enter the hall
- Please (where possible) can students arrive ready to dance (I am happy for them to wear leggings and a top if that is easier)
- Once you come into the hall please walk through, dropping your child off in the hall and then exit through the opposite end of the hall, following our one way system.
- If possible, please do not wait in the hall while your child's class takes place.
- There will be no changing of shoes for students who take 2 or more classes (unless it's tap)
- Please only bring a named drinks bottle into class.
- Please try and be on time for drop off and collection.
- There will be spots on the floor for children to stand on to help with social distancing.
- Classes will be planned with social distancing taking into consideration.
- Where we can, windows will be open to allow for ventilation.
- Music will be lowered so not to encourage shouting.
- No props will be used, if the Ballet barre is, it will be cleaned after each use.
- Parents should wear a face mask when in the hall unless medically exempt. Children taking part in class do NOT need to wear a mask.

Collection

- Please wait outside when collecting
- Once class has finished, please enter the building, walking through the hall, collecting your child and exit hall, following our one system.
- We have allowed for extra time between classes where needed. This is to prevent too many people being at the hall and to allow toilets to be cleaned.

Other information

- Where possible please pay online for classes
- Please ensure you fill in a new pupil information sheet, so I have the most up to date information on each student.
- A register (as always) will be taken and used for track and trace if needed.
- Each hall is having extra cleaning; however, I will clean toilets and doors when I arrive and in between classes.
- The kitchens in halls will be closed off to students and parents.

While this may seem a huge list many of the above points we do already! Cleaning hands, following our one way systems etc.

Our aim, as ever is to ensure all students enjoy the classes in a safe way.
